

2X2 COLUMNS

14' tall columns with 2'x2' detail sections
White Spandex® fabric illuminates magnificently with internal LED fixtures
Various options possible. We also have 12" and 24" spacers
so you can make the columns and the stage all the same height
or use them to make everything stair step or create uneven detail
Use one fixture from bottom alone or add a second to the top for gradient effects
Ground supported item - not appropriate to fly
